*From the Malagasy name
"Tsilaosa" meaning "country
which one does not leave",
the Cirque of Cilaos is an
invitation to travel at the ends of
the earth.*

Located on a large plateau, the village is the youngest town on the island. The cirque owes its fame to several specialties.

Indeed, the thermal water springs of Cilaos attract many curists for their benefits.

The Cilaos lentil, mainly cultivated in Ilet à Cordes, enhances an authentic gastronomy embellished by the "Pei" wine to discover absolutely.

Finally, the embroidery of Cilaos, fine and delicate, is a true delight for the eyes.

To visit Cilaos is to soak up the hospitality and the generosity of its inhabitants, to rediscover a way of life that has frozen in time!
